- Seed funding: Kjeller Horisont, Sintef TTO
- Dedicated VC: Seraphim Capital, Space Net Venture
- VC: ...
- «Customer as investor»

A vertical, multi-colored view of the Milky Way galaxy. The central band is a mix of purple, blue, and pinkish-red, with a dense concentration of stars. The background is a deep black space filled with numerous small, bright blue and white stars. The overall appearance is that of a rich, multi-wavelength astronomical image.
